

Genealogy Research Materials

Below is a list of books that I currently have to offer. Many of these are books containing the census records from the different archives in Russia, (Engels, Samara, Saratov, Volgograd). All proceeds from these books go to secure more documents from these archives. If you are wanting to order any of these books simple make the books you want and send your order to me with a check payable to me.

VOLGA GERMAN GENEALOGY BOOKS

Those surnames listed below are books that can be compiled on that particular family name. These Family Genealogy books were originally compiled by Tony J. Leiker from Lubbock, Texas and have sold many copies. Even though Tony has retired from genealogy, he has passed on these files to myself, Kevin D. Rupp, to continue this research. Each book contains a genealogy section listing in detail the family information listed on the particular family and at least five generations of family charts depicting the descendant line and index. Money made from the sales of these books help to obtain more records from Russia.

Much of this information was taken from the Russian Archives, Church Records, Cemetery Records/Obituaries, and Family Records. Books run in length about 200+ pages up to 1000 pages depending on the book. Books are bound with a comb binding. Next to each book listed is the cost of the book which includes shipping in the United States. For more information please contact me via e-mail at krupp@ruraltel.net, snail mail - Kevin D. Rupp, 2301 Canal Blvd, Hays, Kansas, 67601 or phone at 785-625-6638.
